

550

The building you are standing in is a recreation of Building 3, also known as the Pithos House because of the large numbers of pithoi.

Acknowledgements

The Kissonerga-Mosfilia roundhouse replication project has been a joint venture between the Lemba Archaeological Research Centre, the University of Edinburgh, the University of Manchester, the Manchester Museum and the British Museum. It was funded by the Department of Antiquities of Cyprus, the A.G. Leventis Foundation, the Kissonerga Community Council and the Archaeological Institute of America.
